

Future Wings Academy/Akademie

We Bridge the gap in learning

Thank you for taking an interest in Future Wings Academy.

Our Vision

To offer a therapeutic remedial learning centre with small groups for learners that requires individualized remedial assistance with scholastic tasks as well as assistance with barriers to assessments/concessions.

Directors

- Bessie Venter-van Zyl (Educational Psychologist)
- Engela van der Heever – Greyling (Occupational Therapist)
- Nici Jansen van Rensburg (Speech Language Therapist and Audiologist)

Our Program

- Curriculum
 - Impaq home schooling curriculum with adapted CAPS aligned curriculum
 - You will be required to register your child as a home schooled learner at the Department of Education.
 - Assistance will be given in this matter.
 - Our trained remedial teachers will provide tutoring daily on a one to one basis and in a small classroom environment to ensure maximum development and allowing each child to reach their maximum potential at their own pace as prescribed.
- Therapeutic program
 - A Therapeutic program compiled by the team of Therapists will be followed at school every day in the class room; it's forms part of their daily routine. This includes fine and gross motor activities, a visual perception program, sensory stimulation and auditory discrimination activities.

- Self-Regulation program is implemented in the class room to assist with modulation and concentration difficulties.
- Giving Children Wings Reading, Mathematics and concentration Centre individual sessions.
- Should your child require individual therapy, the therapy sessions will be billed to your medical aid directly.
